

## Happy Christmas +Season's Greetings

**“In most people’s vocabularies, design means veneer...but to me, nothing could be further from the meaning of design.**

Design is the fundamental soul of a man-made creation that ends up expressing itself in successive outer layers.”

*Steve Jobs Fortune Magazine January 24, 2000  
from 'Steve Jobs' by Isaac Walterson 2011*

Did Jobs believe that materials have spirit? This is the spirit imbued by those who thought what the item should be, should do and how it should do it to suit us and be beautiful.

If you have any ideas to make your world better in 2014 in any area of your cultural, educational, home or work space, why not call us?

All the best for Christmas, the new season and its other festivities.

£90,000 was raised for the charity Article 25 from the two week exhibition and auction for 10x10, in which an original painting by Paul Vick was sold.
