

Please get in touch to discuss your ideas!

Paul Vick Architects are at MIPIM in Cannes from 12th March to 16th March 2018.

We are on the RIBA Stand at the London Pavilion with new ideas for your projects and are finalists on AR Future Projects Awards 2018.

- We have developed a model for value enhancement that has been presented to a variety of organisations, including Schrodgers and Strategic Investment Managers Association, to allow you to get more for less.
- We continue to deliver for you 100% planning record, giving clients and funders the confidence that their project will be delivered.
- We have achieved over 100 planning permissions including with new build, conservation areas and listed buildings.
- The practice brings you experience across a number of different sectors, including commercial (in many formats), urban development, mixed-use, residential, cultural, information technology and 1st Age to 3rd Age living.

To organise a meet up please call on 0207 993 6573, email us on anav@paulvick.co.uk or drop by our stand (C15) in the London Pavilion.

We hope to see you in Cannes!
(or when we get back)

Paul Vick Architects continues its 100% planning permission record with new build, listed buildings and those in conservation areas.
