Paul Vick Architects are at MIPIM Cannes 11-14th March 2019.

Paul Vick Architects have won Most Innovative Architecture Firm, 2019 London.

Paul Vick architects have won most Innovative Architecture Firm, London 2019. We have developed a particular way of working to promote your projects' ambitions and returns.

Thank you to all our clients, and all those who voted for us.

**Paul Vick Architects are at MIPIM in Cannes from 11th March to 14th March 2019. We are on the RIBA Stand at the London Pavilion with new ideas for your projects.**

To organise a meet up please call on [0207 993 6573](tel:0207 993 6573), or email us on [alexandrav@paulvick.co.uk](mailto:alexandrav@paulvick.co.uk) or organise to drop by the RIBA stand where we are exhibiting (C15) in the London Pavilion. We hope to see you in Cannes! (or when we get back)

We bring you and your vision the benefits of

- a particular model for **value and profit enhancement** that has been presented to a variety of organisations, including Schrodgers and Strategic Investment Managers Association (sponsored by Deutsche Bourse and London Stock Exchange). The approach allows you to improve value and profitability, getting you more for less.
- **100% planning record**, giving you the confidence that your project will be delivered and without a track record of failed attempts. Planning permission is one of the largest hurdles as without it development is not usually possible.
- a track record of achieving **over 100 planning permissions** including with new build, conservation areas and listed buildings.
- **experience across a number of different sectors and demographics** for your project's benefit to enhance your project's offer and experience to end users. These sectors include residential, regeneration, office, mixed-use, cultural, information technology, low energy and 1st Age to 3rd Age living. Where projects increasingly require mixed uses and an approach to many different types of group this understanding helps open opportunity and access and reduce the long term risk of stranded assets.

Please get in touch to discuss your ideas!

**Paul Vick Architects continues to bring you 100% planning permission record with new build, listed buildings and those in conservation areas.**

Paul Vick Architects are Chartered RIBA architects.
